I'll keep going on
As just another one
With another song
Wants to be
The only one for you

Just another guy
Blinded by your smile
Just a lonely heart
Can't stand this aching feeling
We're apart, apart

Let me sleep
In your arms
Let me breathe
This clean, bright light
Surrounding you

I know I'm not smart
But still I'm trying hard
Let me be your guard
Protecting you
My angel from the dark

I will not pretend
That I'm just a friend
My deliberance
Will you think about me
Every now and then
When I call again

Let me sleep
In your arms
Let me breathe
This clean, bright light
Surrounding you

Let me dream
In your arms
Let me breathe
This clean, bright light
Surrounding you

Without you

In your arms
Let me dream
In your arms
Let me sleep
This clean, bright light
Surrounding you

In your arms
In your arms
