You were all there
I was loving being nowhere
My inside, outside
Kept on looking for a new high
But now that storm has gone
I know it's never coming back

You know me
Cause it feels like
You've gotta be in my life
And it feels like
Nobody knows the truth
Only me and you
It's not over

Back then, I would
Try to get with everyone that I could
You chained me, I'm caught
Gave me everything that you've got
Situation changed
I'm just a player in your game

You know this
Cause it feels like
You've gotta be in my life
And it feels like
Nobody knows the truth
Only me and you
It's not over

I don't want us to break down
Cause all the people are so loud
I'm just hoping we're strong enough to make it

Cause it feels like
You've gotta be in my life
And it feels like
Nobody knows the truth
Only me and you
It's not over

It's not over.

Cause it feels like
Nobody knows the truth
Only me and you
It's not over

(It's not over)
