Don't leave me, don't leave me tonight,  
It's too late, it's gone past the morning light,  
You left me, you left me tonight,  
You left me, you left me.

These rumours are ugly, your face is cold,  
I'm sorry I didn't do what I was told,  
She hurt me, the lack of trust, the way that she cried,  
She hurt me, she hurt me.

I know that she's lonely and it's all my fault,  
She left me and she's rubbing at my wounds with salt,  
I can't begin to even tell the truth,  
To tell the truth, to tell the.

Don't leave me, don't leave me tonight,  
It's too late, it's gone past the morning light,  
You left me, you left me tonight,  
You left me, you left me.

I'm begging, I'm pleading,  
I was innocent, it was cheating you,  
I didn't want to believe that we were through,  
Cause I only see me holding you.

She saw me across the darkened room,  
Two days and then all I did was speak too soon,  
If you'd listened, then I swear it would have been okay,  
I swear it.

Don't leave me, don't leave me tonight,  
It's too late, it's gone past the morning light,  
You left me, you left me tonight,  
You left me, you left me.

I know I've not been myself for a while,  
But tell me, when did you last crack a smile,  
When you saw me, when you held me alone,  
The last time, it's already been and gone.

The way she though I didn't care,

I know all night that she had spies everywhere,  
They stand and stare and they told you,  
They told you.

Don't leave me, don't leave me tonight,  
It's too late, it's gone past the morning light,  
You left me, you left me tonight,  
You left me, you left me.
