I know I should go, but I want to stay here with you. In this room, I can tell you'll never be all mine.

> Never mine. Okay. Never mine. Okay. Never mine. Okay.

The beginning of philosophy is wonder. Philosophy is man's expression of curiosity about everything and his attempt to make sense of the world through his intellect.

> I know you have to go, but I want to keep you to myself. Like a dream, I can tell you'll never be all mine.

> > Never mine. Okay. Never mine. Okay. Never mine. Okay.

Thinking, of course, is a word used in many ways and is a very vague word for most people. But I use the word thinking in a very precise way. By thinking, as distinct from feeling or emoting or sensing, I mean the manipulation of symbols-whether they be words, whether they be numbers, or whether they be other signs such as triangles, squares, circles, astrological signs, or whatever. These are symbols, although sometimes symbols are a little bit more concrete. Visit <u>Starfucker</u> page on MotoLyrics.com, to get more lyrics and videos.
