I could feel it coming
Little did I know it be now
Oh how you fill me
Oh how you kill me

And until I saw it
With my own eyes I'd deny it
But now there's no way ouy
No point trying

This is all I've wanted
Yet I keep on running and running
So why am I running?

This is more than I have ever known
So just keep it coming, coming
Let's keep it coming

I could feel it coming
Little did I know it be now
Oh how you fill me
Oh how you kill me

And until I saw it
With my own eyes I'd deny it
But now theres no way ouy
No point trying

This is all I've wanted
Yet I keep on running and running
So why am I running?

This is more than I have ever known
So just keep it coming, coming
Let's keep it coming
