I'm so attuned
When your body moves close
You're so above me, I'm under you
Like the moon
Oh, your energy glows
When you're around me
I revolve with you

When we're feeling in sync, I watch the world go by
Erase the moon and stars if I could have your sky
Are you feeling me the way I'm feeling you
No coming down this high

[Chorus]
Let's light it up tonight
(Hey, hey, hey, hey, hey, hey)
I wanna feel alive
(Hey, hey, hey, hey, hey, hey)
Let's light it up tonight
(Hey, hey, hey)
Somebody kill the lights
We need to do it right
(Hey, hey, hey, hey, hey, hey)
I wanna feel alive

You're so in tune
Let the chemistry flow
The way you play a melody
I never knew
How it felt to be us
We had it easy
Let me take you there

When we're feeling in sync, I watch the world go by
Erase the moon and stars if I could have your sky
Are you feeling me the way I'm feeling you
No coming down this high

[Chorus]
Let's light it up tonight
(Hey, hey, hey, hey, hey, hey)

I wanna feel alive
(Hey, hey, hey, hey, hey, hey)
Let's light it up tonight
(Hey, hey, hey)
Somebody kill the lights
We need to do it right
(Hey, hey, hey, hey, hey, hey)
Let's light it up tonight
We only get only get one life
If tonight's the night
I wanna feel the light
(Hey, hey, hey, hey, hey, hey)
I wanna feel alive

(Light it, light it up, light it)
I wanna feel the light
I wanna feel your light
(Light it, light it up, light it)
Let's light it up tonight
Let's light it up, up, up
(Light it, light it up, light it)

[Chorus]
Let's light it up tonight
(Hey, hey, hey, hey, hey, hey)
Somebody kill the lights
We need to do it right
(Hey, hey, hey, hey, hey, hey)
Let's light it up tonight
We only get only get one life
If tonight's the night
I wanna feel alive
(Hey, hey, hey, hey, hey, hey)
I wanna feel alive
