When lights go down  
And the stars come out  
We can rock it  
We a We a We can rock it

Got me feeling right  
I could dance all night  
Till we drop it  
Nobody tells us when to go

DJ turn it up  
Were not coming down  
And Through all the noise  
Make them hear the sound

When two hearts as one  
Light up the crowd  
Through all the noise  
We can make it  
Loud  
Loud  
Loud

We can make it  
Loud  
Loud  
Loud

We're so high right now  
Lifting off the ground  
We can feel it  
We a We a We need it

Up to you and I  
We command the night  
We ain't leaving  
Nobody tells us when to go

DJ turn it up  
Were not coming down  
And Through all the noise  
Make them hear the sound

When two hearts as one  
Light up the crowd  
Through all the noise  
We can make it  
Loud  
Loud  
Loud

We can make it  
Loud  
Loud  
Loud
