Stronger days, bitter nights
Cold hands, warm heart
Walking 'round, but you're staring at the ground
Take hold, fall apart

Little by little
Someone blows the whistle
It don't matter in the end
So just slow it all down
Slow it all down

[Chorus]
You gotta take it easy, easy
Live your life
Take on any kind of weather
You and me together
We'll be fine
You gotta take it easy, easy
Take your time
It's just you and me together
Any kind of weather
We'll be fine

Open road, broken down
Bright lights, dark town
Stand up, then you fall again
You will find a way in the end

[Chorus]
You gotta take it easy, easy
Live your life
Take on any kind of weather
You and me together
We'll be fine
You gotta take it easy, easy
Take your time
It's just you and me together
Any kind of weather
We'll be fine

Little by little

Someone blows the whistle
It don't matter in the end
So just slow it all down
Slow it all down
Little by little
Someone blows the whistle
It don't matter in the end
So just slow it all down
Slow it all down

[Chorus]

You gotta take it easy, easy
Live your life
Take on any kind of weather
You and me together
We'll be fine
You gotta take it easy, easy
Take your time
It's just you and me together
Any kind of weather
We'll be fine

[Chorus]

You gotta take it easy, easy
Live your life
Take on any kind of weather
You and me together
We'll be fine
You gotta take it easy, easy
Take your time
It's just you and me together
Any kind of weather
We'll be fine
