Tonight I am feeling for you  
Under the state of a strange land  
You have sacrificed much to be here  
There but for grace as I offer my hand

[Chorus]  
Welcome home  
I bid you welcome  
I bid you welcome  
Welcome home  
From the bottom of our hearts

Yeah, mmm

Out here on the edge  
The empire is fading by the day  
And the world is so weary in war  
Maybe we'll find that new day

[Chorus]  
Welcome home  
See I made a space for you now  
Welcome home  
From the bottom of my heart  
Welcome home  
From the bottom of our hearts

Keep it coming now  
Keep it coming now, ooh  
You'll find most of us here with our hearts wide open,  
whoa  
Keep it coming now  
Keep on coming now  
Keep it coming now  
Keep on coming now, yeah

Mmm, ah

There's a woman with her hands trembling, haere mai  
And she sings with a mountain's memory, haere mai  
There's a cloud the full length of these isles

Just playing chase with the sun  
And it's black and it's white and it's wild  
All the colours are one

[Chorus]

Welcome home  
I bid you welcome  
I bid you welcome  
Welcome home, yeah, yeah

(Welcome home)  
I bid you welcome, yeah  
(Welcome back home) Ooh  
(Welcome back home)  
From the bottom of our hearts  
From the bottom of our hearts
