Take a look at where we are
Where we are now
Take a look at where we are
Who we are

I'm feeling alive, I'm ready to go
There's no going back, no taking it slow
Got my feet on ground and
Got my hands out my pocket
Got my head out the clouds and now I'm ready to ride
If you know that you want it
Then just get up and take it
C'mon, let's get it tonight

[Chorus]
Take a look at where we are
Where we are now
From the heart we've come so far
Come so far now
It don't matter where we go
Go from here
Cos we know just who we are
Who we are

Got nothing to lose, nothing to prove, eh
This feeling inside is making me move, oh
Got my feet on ground and
Got my hands out my pocket
Got my head out the clouds and now I'm ready to ride
Feel it surround you
Let it take you over
Let it take you high

[Chorus]
Take a look at where we are
Where we are now
From the heart we've come so far
Come so far now
It don't matter where we go (Where we go)
Go from here (Go from here)
Cos we know just who we are

Who we are (Who we are, yeah)

Whoa (Oh)

Whoa

Whoa (Yeah, yeah)

Right here, right now

Nothing else can matter

You and I, me and you

Let's make it last forever

[Chorus]

Take a look at where we are

Where we are now (Where we are)

From the heart we've come so far

Come so far now (We've come so far, babe, yeah,
yeah)

It don't matter where we go

Go from here (Go from here)

Cos we know just who we are

Who we are (Yeah, yeah)

Whoa (Take a look)

Whoa (Where we are, yeah, yeah)

Whoa (Take a look)
