These presents, they don't mean a thing to me  
As long as you are by my side  
I'm cool with every little thing we do as me and you  
You and me is all I need and that is true  
I'ma treat your heart like there some Cygnus, girl  
Fill it up with whatever I can offer, girl  
My love is all that I have, is that alright?  
With you, with you, with you

There's no need for gifts under the tree  
All I want is my girl with me  
Oh that would mean the world to me  
Just you and me, ooh ohh  
I don't need a mistletoe just to kiss my baby  
I don't need to buy you diamond rings to show you're  
my lady  
There's one thing for sure  
I can give you so much more  
This Christmas baby  
I give you my love

I found my favorite gift, it's you  
You're so precious to me, let me take care of you  
You're my angel, my star, I'm so glad I found you  
In this winter wonderland, oh yeah  
We don't need no fireplace to heat it up  
Focus on your pretty face  
It's just enough to know I have it all  
With you I'll never fall

There's no need for gifts under the tree  
All I want is my girl with me  
Oh that would mean the world to me  
Just you and me, ooh ohh  
I don't need a mistletoe just to kiss my baby  
I don't need to buy you diamond rings to show you're  
my lady  
There's one thing for sure  
I can give you so much more  
This Christmas baby  
I give you my love

There's no need for gifts under the tree  
All I want is my girl with me  
Oh that would mean the world to me  
Just you and me, ooh ohh  
I don't need a mistletoe just to kiss my baby  
I don't need to buy you diamond rings to show you're  
my lady  
There's one thing for sure  
I can give you so much more  
This Christmas baby  
I give you my love
