I have wished upon a star, and seen them go to waste  
Iâ€™ve bared my soul to open air,  
Iâ€™d gladly give my life  
Cause Iâ€™m so far away  
Iâ€™m far away from you  
So speak the words I need to know  
Speak the words I need to hear  
Donâ€™t you worry, donâ€™t you fret  
Donâ€™t you panic, donâ€™t you sweat  
Donâ€™t you turn your heart to stone  
I've thrown my heart down may wells to watch it  
disapper  
I've drowned my soul in emptiness  
Iâ€™d gladly give my life  
Cause Iâ€™m so far away  
Iâ€™m far away from you  
So speak the words I need to know  
Speak the words I need to hear  
Donâ€™t you worry, donâ€™t you fret  
Donâ€™t you panic, donâ€™t you sweat  
Donâ€™t you turn your heart to stone  
Cause youâ€™re more than skin and bones  
Skin and Bones  
It's flowing thru your veins to keep you strong here  
Oh, Oh love  
It's flowing thru your veins to keep you stronger
