You don't know who I am
You don't what I've done
And I remind myself
Of the scars and why they're there, everyday
I feel unlike myself
And you look my dead in the eye
You whisper in my ears
That my scars and wounds are gone
But I feel
This isn't over yet
This isn't over yet
This isn't over yet
Oh oh you tell me
It's not over yet
What have I become?
What have I become?
I'm tearing myself apart
I'm afraid cause I know what I'll find
And you whisper in my ears
That's my scars and wounds are gone
You tell they're gone
Why can't I believe they're gone
When they're gone
I wanna believe they're gone, gone, gone
But I feel
This isn't over yet No
This isn't over yet
This isn't over yet
What have I become
I'm a fragile man,
Oh, I don't want to fall, fall, fall
This isn't over yet
Oh you tell me it's gone
But I feel
