You know Santa's come to town  
He'll make those reindeer run  
And bring his big old sack to  
My chicken shack  
Cause christmas time has come

We're gonna have a hell'va time  
Good food and good moonshine  
We're going to sing along till  
The break of dawn  
Cause christmas time has come  
To town (oh yeah)  
And the snow is falling down  
We're going to waste some time  
We're going to play some tunes  
And we're all going to be around

We're riding home woo hoo  
With the top down  
Yes siree, woo hoo  
We're riding home, woo hoo  
Nothing gonna stop me  
From riding home, woo hoo  
Can't wait till I get to see this  
Good old home woo hoo  
Yeah, christmas baby and  
I'm ready to ride  
Home

Hey baby, turn me on  
This party is just begun  
Hell, yeah, we're gonna dance around  
Around christmas tree  
We're gonna rock this place  
Yes sirree

We're gonna have a hell'va time  
Oh yeah, we're gonna drink ourselves  
Completely blind  
We're gonna dance around  
Till the break of dawn

Cause christmas time has  
Come to town (oh yeah)  
And the snow is falling down  
We're gonna waste some time  
We're gonna play some tunes  
We're all gonna be around

We're riding home woo hoo  
With the top down  
Yes siree, woo hoo  
We're riding home, woo hoo  
Nothing gonna stop me  
From riding home, woo hoo  
Can't wait till I get to see this  
Good old home woo hoo  
Yeah, christmas baby and  
I'm ready to ride  
Home

Yeah, loving, touching, kissing, hugging  
Sure, it's gonna be alright  
Rubbing, dancing and romancing  
Day until late night

We're riding home woo hoo  
With the top down  
Yes siree, woo hoo  
We're riding home, woo hoo  
Nothing gonna stop me  
From riding home, woo hoo  
Can't wait till I get to see this  
Good old home woo hoo  
Yeah, christmas baby and  
I'm ready to ride  
Home
