I never won for losing  
But it ceased to be amusing when you told me  
That ev'ry night you're shining bright  
And the big apple band a callin' out your name

And what do you mean, the Rolling Stones ain't nothing  
to you?  
'Cause they ain't got the beat right  
I'm trying to tell you something  
But you're gonna jump around crazy half the night

Ev'rybody be dancing, dancing  
Dancing half the night away  
Ev'rybody be dancing  
Dancing half the night away

Say, you like to have a good time  
But you don't want to go no place, cold and old  
You're heading for the neon light  
To join the crowd shaking from door to door

You get me in such a heat  
You know, I'm gonna catch that beat if it kills me  
But don't you think, it's a crying shame?  
That they don't dance like Carmen here no more

Ev'rybody be dancing, dancing  
Dancing half the night away  
Ev'rybody be dancing  
Dancing half the night away
