This is my heart's condition
This world has ammunition
To tear me down
And steal my life away

I know there's more than this
More than temptation's kiss
So lift me up
And give me strength to say

I will live
I will live for You
I will live
I will live for You

I've had the revelation
This is my declaration
More of You
Oh God, and less of me

'Cause You are my new existence
I offer no resistance
I'm running to
The One I know I need

I will live
I will live for You
I will live
I will live for You

How could I walk away?
How could I walk away?
How could I walk away?

I will live
I will live for You
I will live
I will live for You
(I'll never walk away from You)

I will live for You
(I'll never walk away from You)

(I'll never walk away from You)
(I'll never walk away from You)

I will live for You
(I'll never walk away from You)
(I'll never walk away from You)
(I'll never walk away from You)

I will live for You
(I'll never walk away from You)
