Mark me with your grace
Shape me in your wisdom
Place in me a heart of mercy

Open up my eyes
Let me see your glory
Lead me to the place you want me

Love, break me now, strip me down
May your beauty deep inside of me resound
Through me be found, come break me now

Guide me in your truth
Mold me in your nature
Birth in me a hope to hold on

Show me how to wait
Teach me how to listen
Be in me the strength to let go

Love, break me now, strip me down
May your beauty deep inside of me resound
Through me be found, come break me now
Break me now, break me now, break me now, break me
now

Love, hear my plea, rescue me, bring your peace
I have come to you on bended knee
I'm desperate for your breath in me
Your ears to hear, your eyes to see
So set me free, come set me free

Like rain flowing over me
Like rain flowing over me
Like rain flowing over me
Like rain flowing, flowing, flowing over me

Love, break me now, strip me down
May your beauty deep inside of me resound
Through me be found, come break me now

Flowing over, flowing over, flowing over me

Flowing over, flowing over, flowing over me
