Love of Another Kind  
I am purity  
Because of what You've done for me  
Receiving grace where once stood  
Penalty and shame  
I am survival  
A constant battle  
Between what I am  
And what I long to be  
Freedom has found me  
And Your love surrounds me  
Your voice is the wind  
Blowing through the trees  
Your kiss is the rain  
And it brings me to my knees  
Into the courts of praise  
I have come to find  
The love of another kind  
I am conviction  
I am in process  
I breathe the breath of God  
The air of providence  
I am a paradox  
Liver of two lives  
One for heaven, one the road  
Along the way  
To love the Lord your God  
With all your heart and soul  
And all your mind  
(is the love of another kind)
