The other day while I was driving home my world was shaken
It occurred to me that I had left too many risks untaken
I'm always sittin' here just waitin' for a revelation
Is it ever gonna come?

All this searching yet my destiny is still unfound
Makes me realize this world will always let me down
So it seems that the only hope I ever had
Was everything that you are

I'm falling down
Tumbling after you
I'm overwhelmed
Trippin' over simple truth
In all I've found
There's nothin' that's more beautiful
Than what I've found in you

You could always see right through the front I'd offer
you
Not believin' my excuses, waitin' for the truth
When you could have turned your back
And walked away from me you, you picked me up
instead

So we'll turn another page and change the way I look at
you
And maybe I'll begin to understand what you went
through
Not content to leave me wandering and unaware
You took my hand instead yeah, you lead me to the
edge

I'm falling down
Tumbling after you
I'm overwhelmed
Trippin' over simple truth
In all I've found
There's nothin' that's more beautiful
Than what I've found in you

You're everything that I ever needed
Now I wanna believe this time
That you would love me
That you would say, "I'm yours, I'm yours, I'm yours"

I'm falling down
Tumbling after you
I'm overwhelmed
Trippin' over simple truth
In all I've found
There's nothin' that's more beautiful
Than what I've found in you

I'm falling down
Tumbling after you
I'm overwhelmed
Trippin' over simple truth
In all I've found
There's nothin' that's more beautiful
Than what I've found in you
Than what I've found in you
