Where am I really?
Is this real what I feel here?
I'm in love with my truest view of the world
In the light an open hand can't touch
The depth of what's below
I don't care
Down here it's painfully comfortable

I've found tomorrow becomes today
And we'll all live underground
In emotionless reality

We'll live if I
We'll live if IÃ¢â€šÂ¡

Let go
Let go, jump in
To real life
Feel real emotion
Let go
Get your heart in
To real life
Feel real emotion

Where am I right now?
Am I in over my head?
I'm afraid I'll lose myself for sure,
'cause I'm unguarded
In the dark an open heart hurts
Too much to close up
Now I'm here
I don't care
Down here it's painfully comfortable
I've found my vulnerability
And though strength feels like a memory
It's my most uncertain certainty

To live when IÃ¢â€šÂ¡
We'll live if IÃ¢â€šÂ¡

Let go
Let go, jump in

To real life
Feel real emotion
Let go
Get your heart in
To real life
Feel real emotion
(repeat chorus)

We'll live if IÃ¢â€Œ!
We'll live if IÃ¢â€Œ!
We'll live if IÃ¢â€Œ!
We'll live if IÃ¢â€Œ!

(Group singing)
Get your heart in
To real emotion (if IÃ¢â€Œ!)
Get your heart in
To feel
Get your heart in
To real emotion (if IÃ¢â€Œ!)
Get your heart in
To feel
