The first day I met you
You were so sweet
And meeting you was like a dream come true
You swept me off my feet
And now every day I'm blessed
And then my heart
I feel

I kissed your lips a hundred times
A thousand reasons
To say right back you're sorry

Ref.:
The way you make me feel
I touch the sky
I feel the light
The way you make me feel
I could run a million miles
Now the fairytale has started
Happy end is out to share with you
The way you make me feel

You look my way, I blush
Your eyes meet mine
It feels just like the first time
And I can't get enough
And I'm all pretend
Cause I don't want this feeling to end

I kissed your lips a hundred times
A thousand reasons
Just say right back you're sorry

Ref.

There's nothing more to say
I'm always gonna feel this way
I love you, want you
Baby
Tell you're always there

Now the fairytale has started
Happy end is out to share with you
