This is what you do for a name
You wanna waste your life in a country
And fly around on a plane?
We did the same
We drove in cars and flew around on planes

And never thought it'd go this far
We never thought that
We'd ever go far
Like all my friends who play guitar
Know who we are?
We never go far
Like all my friends who play guitar

So this is what we did for a name
We took a taste of life in a country
And fly around on planes
We do the same
We drive in cars and fly around on planes

And never thought it'd go this far
We never thought that
We'd ever go far
Like all my friends who play guitar
Know who we are?
We never go far
Like all my friends who play guitar

Know who we are?
We never go far
Like all my friends who play guitar
