Listen I'll tell you a story  
Of lines you never get back  
This is a reason to worry  
The trials that make you a man

It's when I have my first heart attack  
And I can't even breathe  
You tell the truth, I know you wouldn't lie  
That I'm on my last beat

So listen I'll tell you a story

Of trials that made me a man  
This is a long destination  
So try as long as you can

It's when I have my first heart attack  
And I can't even breathe  
You tell the truth, I know you wouldn't lie  
That I'm on my last beat
