Hey man write it so they'll see  
It's not tired, my melody  
I've been writing since I was twenty three  
my memorial

hey man you tired? ya that's me  
you look worried, well ya that's me  
is it over? well we'll see  
my memorial

hey man did you write that for me?  
it seems like it, that really spoke to me  
but you made it up, you made it up, you just make it up

can I rely, can I?  
in the twinkling of an eye..  
of an eye, we'll rise

So I'll rely on Christ  
in the twinkling of an eye  
we'll rise
