These are things you need  
I'll turn in my card till the payment's right

'Cause I like it when you're hanging around  
And I like it when you're hanging around

'Cause you took on my name  
'Cause you took on my name  
'Cause you took on my name  
'Cause you took on my name

These are things you say

These are what I need  
Know when to call and know when to leave

'Cause I like it when you're hanging around  
And I like it when you're hanging around  
'Cause I like it when you're hanging around  
And I like it when you're hanging around

'Cause you took on my name  
You took on my name  
'Cause you took on my name  
You took on my name, my name

My name  
My name  
My name
