These friends of mine fill in the lines
To put in the songs you like fill up your time
These friends of mine who write the lines
And put out the songs you like in half the time

Something's wrong if it's the old news
Play the C chord like it's something
Something's wrong if it's the old news
Play the C chord like it's something, like it's something

These friends of mine who write the lines
And put out the songs you like in half the time

Something's wrong if it's the old news
Play the C chord like it's something
Something's wrong if it's the old news
Just play the C chord like it's something

Like it's something, like it's something
Like it's something new, you can sing through
