sleeping through the evening
singing dreams inside my head
im heading out
ive got some ends who say they care
and they just might
run away with you
if things don't go as planned
plannin big could be a gamble
ive already rolled the dice

i spit and stutter stuff and clutter
worries in my worried corner
maladjusted
just untrusted
rusted
sometimes brilliant trusted thoughts
think ill stay for a while
im intrigued and im
red as a newborn white as a corpse

i promise not to try not to fuck with your mind
i promise not to mind if you go your way and i go mine
i promise not to lie if im looking you straight in the eye
i promise not to lie and not to let you down

i am elated
i am all smiled and dated
in my man bites dog small town
with a spanish name
i am my own bone
i am two toned
red as a newborn white as a corpse

i promise not to try not to fuck with your mind
i promise not to mind if you go your way and i go mine
i promise not to lie if im looking you straight in the eye
i promise not to try not to let you down
girl let me down
slow

why do you gotta keep the fan on high when its cold

outside?
just wanna let you know im still a fan get it
everybody wants charm in a smile and a promise

promise not to try

i promise not to try not to fuck with your mind
i promise not to mind if you go your way and i go mine
i promise not to lie if im looking you straight in the eye
i promise not to try not to not to leave
(promise not to try)
not to leave
(promise not to try)
not to not to leave-yay
(promise not to try)
i won't leave
i won't leave
