Conkers shining on the ground,  
The air is cooler  
And i feel like I just started uni  
Walking backwards to my van  
You're at your window,  
And I'm tripping every time I think of

Lying in your attic  
I can feel the static  
The storm has broken, Heavens open

Send my body out to work  
But leave my senses  
In orbit over south-east London  
Wind the window down and pinch  
Me on the shoulder  
else I'll be driving off to dream of

Lying in your attic  
I can feel the static  
The storm has broken, Heavens open

So electrifying, Oh I'm nearly flying  
Lost my heart between  
the sheets of lightening

I've been singing you this song,  
Inside a bubble,  
Been Zorbing through the streets of Cowley,  
We were always meant to be,  
Zorbing together,  
And i think it's high time we started

Lying in your attic  
I can feel the static  
The storm is breaking, windows shaking

So electrifying, Oh I'm nearly flying  
Lost my heart between the sheets of lightening

Lying in your attic  
I can feel the static  
The storm has broken, Heavens open  
So electrifying, Oh I'm nearly flying  
Lost my heart between the sheets of lightening
