It's late, it's too late to call  
I probably wouldn't anyways, I hardly ever call  
Unless somethings going wrong  
Right now I'm just thinking  
I know you worry, but I'm coming back  
Never wanted to be tough but this life has made me  
like that  
Whatever it takes to float  
I'm not sinking

I got a girl now  
And she says I'm a good man  
And I believe her  
I think I am

Still trying to make it, but the goals always change  
Some have lost their faith in me and some they still  
remain  
I was never cool  
But I got something to say  
And Richard Manuel, Nick Drake, Kurt Cobain  
I know you've seen me make that choice I don't want to  
make it again  
I want to be happy  
I want you to know you raised me the right way

I got a girl now  
And she pays mind to how tall I stand  
And she believes in me  
She says be patient, you know you can  
I got a girl now  
And she says I'm a good man  
And I believe her  
I think I am

And no one's an angel, I heard someone say  
When your wrong is my right  
And it just takes a little effort to push someone away  
But to hold her you gotta hold tight  
Yeah you gotta make time  
You gotta lay something on the line

Sometimes

Remember that kid  
That used to work for me  
He tried to pull one over it was hard on the whole family  
I felt no remorse, when I'd start him crying  
Yeah I've been cruel, at times I've lost control  
At first you're just talking then it builds up then it blows  
I got no promises  
But you gotta know I'm trying  
I'm trying

I got a girl now  
A reason to face each great goddamn  
Ain't gonna leave her  
No I know something good when it's in my hands  
I got a girl now  
And she says I'm a good man  
And I believe her, I believe her, I believe her  
I know I am
