Well I was out at the room last Thursday night
In the dim dark barroom light singing along to Jackson
Five
When who should I see dancing next to me
But the girl I met on Monday night
Who I called up but she didn't reply

And I said,
I know that you don't want to be my girl
Yeah I don't need to be told
There's things you can't control
And I know that you don't want to be my girl
But I'm gonna call you anyway
Sha La Da La La Da La

And she said wait hey Dave, who I met the other day
What are you doing in this Place? And I just gave her a
blank face
And turned and walked away, left without a trace
I want her worse now, funny how that works now

And I said,
I know that you don't want to be my girl
Yeah I don't need to be told
There's things you can't control
And I know that you don't want to be my girl
But I'm gonna call you anyway
Sha La Da La La Da La

Next time you see me, If you think you want me
You better kiss me the way I know you missed me
And you better remind me the way I know you like me
And you better touch me so I know you're thinking of
me
Cause I'm so insecure, you gotta make me sure!

And I know that you don't want to be my girl
Yeah I know that you don't want to be my girl
Yeah I know that you don't want to be my girl, be my
girl
Sha La Da La La Da La
