Grass so static jewel from trooper
Blazing nomad, moonhigh jackal
Dryfly catcher
Heartless swallow
If only you could see..
Yellow frantic
Flat compactor
Blue amusing
You're a factor
Dry fly catcher
Heartless swallow
If only you could see..
Through his own, everybody knows..cracker jack and
toast..
And all is known, everybody shows..its an illusion..its an
illusion..
Grass so static, jewel from trooper
Blazing nomad, moonhigh jackal
Dryfly catcher
Heartless swallow
If only you could see him
Through his own..everybody knows..cracker jack and
toast..
And all is known, everybody shows..its an illusion..its an
illusion..
Through his own, everybody knows, cracker jack and
toast..
And all is known, everybody shows..its an illusion..its an
illusion..
