Take a wish from the well (hoo hoo)
take a tip from a bandit (let the band play again)
He'll take you back to your head

To your, (head)!

Take a drink, after all (its pure alcohol)
Press the birdie switch (coo coo)
Set the course for, tokyo! oh no!

let your mind over.
let your eyes rover.
when your skin quivers.
when the sky shuts down!

Make a sea in the yard.
meet yourself in the jar.
take a smile from a ghost.
let your mind back home.
