Now the lights don't shine
I take to you my my valentine
What is your sound?
Do you believe that electric?
While you wear your crown
I'll take in two smiles, smiles upside
I am your ground
You are my, my obsess
My correction
Valerie flames get out your flames
Its another day without your
O valerie flames
Now the lights don't shine
I take to you my valentine
Your inside out im upside down
Down down direction
Valerie flames get out your flames
Valerie flames get out your flames
Ooo valerie
Oooo valerie
Ooooo valerie
