I know what you've been searching for
I know what you've been looking for
I know what you've been needing more of all your life
I know where you've been running to
I know who you've been turning to
I know what you've been trying to do all your life

I feel
I could make your heart go faster
I feel
I could make it last forever

I feel
I could make your heart go faster
I feel
I could make it last forever

I know what you've been going through
I know what you've been trying to prove
I know how you've needed something new all your life

I feel
I could make your heart go faster
I feel
I could make it last forever

I feel
I could make your heart go faster
I feel
I could make it last forever

I know what you've been searching for
I know what you've been looking for
I know what you've been needing more of all your life
I know where you've been running to
I know who you've been turning to
I know what you've been trying to do all your life

I feel
I could make your heart go faster
I feel

I could make it last forever

I feel

I could make your heart go faster

I feel

I could make it last forever

I feel

I could make your heart go faster

I feel

I could make it last forever

I feel

I could make your heart go faster

I feel

I could make it last forever
