Red Dress First Name Basis  
One Touch Got You Naked,  
Oh Fall To The Floor  
Dark Eyes Heavy Breathing  
Daylight Caught You Leaving,  
Oh You Never Spoke  
Late Night Wonder  
Undercover Love She's On the run

She'll Be Breaking Hearts  
She'll Be Taking Them Down  
She'll Be Killing In a cold  
Dark corner of love  
Oh I Know Nothing bout  
She'll be breaking hearts

One kiss'll Knock you out  
You'll awaken with your  
Chest wide open  
The Pieces laying all around

She'll Be Breaking... Hearts, Hearts

Slow pulse cold & lonely  
She's Hot to the very core  
I Lock every door  
Her it's infectious  
Beware it's a weapon don't  
Don't Bring her home  
Cold cold love takes another life  
She's out there tonight

She'll Be Breaking Hearts  
She'll Be Taking Them Down  
She'll Be Killing In a cold  
Dark corner of love  
Oh I Know Nothing bout  
She'll be breaking hearts

One kiss'll Knock you out  
You'll awaken with your

Chest wide open  
The Pieces laying all around  
She'll Be Breaking... Hearts, Hearts, Hearts

Hide Your Hearts & Cover any signal that love her  
Never say you need her, she will come & hunt you  
down  
(Hide Your Hearts guys, Hide your hearts guys)  
Hide Your Hearts & Cover any signal that love her  
Never say you need her, she will come & hunt you  
down  
(Hide your hearts guys)

She'll Be Breaking Hearts  
She'll Be Taking Them Down  
She'll Be Killing In a cold  
Dark corner of love  
Oh I Know Nothing bout  
She'll be breaking hearts

One kiss'll Knock you out  
You'll awaken with your  
Chest wide open  
The Pieces laying all around  
She'll Be Breaking... Hearts, Hearts, Hearts  
Yeah
