How I remember walking in darkness  
Hearing the sound of Your voice calling me to the light  
Cry of repentance; night and day difference  
Drawn by the fire of Your love that was burning so  
bright

Marvelous light  
Marvelous light  
Calling us out of the dark into marvelous light  
Marvelous light  
Marvelous light  
We're running through fields of freedom  
Reflecting the light of the Kingdom  
Calling us out of the dark  
Into marvelous light

We have been chosen His priceless possession  
We've been purchased with passion, liberated by love  
Privilege of freedom, You are the reason  
We're drawn by the fire in His eyes, I can't get enough  
of (your)

Marvelous light  
Marvelous light  
Calling us out of the dark into marvelous light  
Marvelous light  
Marvelous light  
We're running through fields of freedom  
Reflecting the light of the Kingdom  
He's calling us out of the dark  
Into marvelous light

Oh marvelous  
It was marvelous  
[x4]

Marvelous  
When I stepped into the kingdom  
Marvelous  
I started walking in freedom  
Marvelous

And He called me out of the shadow  
Oh marvelous  
It was marvelous  
Marvelous  
It was marvelous  
Marvelous  
It was marvelous  
Yes it was  
Marvelous  
Yes it was  
Marvelous [x4]

Oh marvelous  
It was marvelous  
[x3]

Yes it was  
Marvelous  
Yes it was

Yes it was
