[Dan Swanö:]

Where do you come from, where is your tribe?  
You should not be here, you can't be alive  
A vicious killer, you'll never be tamed  
You belong in this cage

[Damian Wilson:]

Why do you fear me, what have I done?  
I mean no harm, never hurt anyone  
I'm not a liar, what proof do you need?  
How can I make you believe?

[Russell Allen:]

Drive him back, he must be the last  
From beyond the zone  
Save our future, bury our past  
It must never be known

[Floor Jansen:]

Beware the beast, there's danger in his eyes  
I see the truth slipping through  
Beware the beast, don't believe his lies  
Human see, human do

[Dan Swanö:]

Your proof is empty, conjecture at best  
You're not superior, we're not impressed  
Go find your fate, the lot of mankind  
You won't like what you find

[Damian Wilson:]

Your scrolls are lying, man was here first  
We are superior, just like on earth  
You know the secret, why can't you share?  
Tell me why you're so scared!

[Russell Allen:]

Drive him back, he must be the last  
From beyond the zone  
Save our future, bury our past  
It must never be known

[Floor Jansen:]

Beware the beast, there's danger in his eyes  
I see the truth slipping through  
Beware the beast, don't believe his lies  
Human see, human do

[Dan Swanö:]

See no evil  
Hear no evil  
Speak no evil  
Do no evil

[Russell Allen:]

Drive him back, he must be the last  
From beyond the zone  
Save our future, bury our past  
It must never be known

[Floor Jansen:]

Beware the beast, there's danger in his eyes  
I see the truth slipping through  
Beware the beast, don't believe his lies  
Human see, human do
