[A. Gateway to the Stars]

[Storyteller:]

Far away in outer space

A traveller from another world left his dying race

He found our planet, full of life

In the body of a little boy he could survive

And Ra will live forever

He gains his powers from afar

And built a gateway to the stars

[Archeologist:]

I have finally found the key

To chart a course to the other side of the galaxy

I need to find the seventh sign

Carved into the cover stones of an ancient time

And Ra will live forever

He draws his powers from afar

And built a gateway to the stars

[B. The Eye of Ra]

[Marine:]

Unaware of our coming fate

We disappear through the ancient gate

We arrive in a desert land

And set up camp on the burning sand

Behold, a thousand slaves

Mining ores in the planet's caves

They give us shelter from the storm

Then Ra appears in a human form

[Native girl:]

Ooh, up there in space

The Eye of Ra is watching over us

[Marine:]

A tall ship descends from the sky

Lasers flare and many men die

A bloody battle has begun

We must destroy this 'king of the sun'

[Native girl:]

Ooh, up there in space

The Eye of Ra is watching over us

Ooh, an alien race

The Eye of Ra is watching over us

[C. The Seventh Sign]

[All:]

We have found the seventh sign
Down in the catacombs
When the seven points align
They will lead us all back home

[Storyteller: Dan]

[Archeologist: Damian]

[Marine: Russell]

[Native girl: Floor]

[All: Damian, Floor, Robert, Russell & Dan]
