I thought I had it all 'til you
Walked into my life
I thought I'll be fine all on my own
Guess you proved me wrong
I love the way you see right through my soul
You took what was half and made it whole

When you love someone so much
You beg, you steal, you borrow
Never worry about tomorrow
When you find that kind of love
There's nothing you won't do
And you hold on tightly to it
Cause forever's never long enough
When you love someone so much

Lying in between these satin sheets with you
There is nothing that I'd rather do
The way your body feels lying next to mine
Such a perfect figure so divine
I'd trade ten thousand years to days
I swear I'd throw them all away
Just to spend one night with you

When you love someone so much
You beg, you steal, you borrow
Never worry about tomorrow
When you find that kind of love
There's nothing you won't do
And you hold on, hold on to it

I'll never be complacing
I'll never take for granted
What I have in you

When you love someone so much
Forever's never long enough
When you find that kind of love
There's nothing you won't do
And you hold on tightly to it

When you love someone so much
You beg, you steal, you borrow
Never worry about tomorrow
When you find that kind of love
There's nothing you won't do
And you hold on, hold on to it
