"Hey You!"

I spend most every night just me and my TV
And I eat my cookies and I sip on my warm tea
I'm never ever, ever, ever gonna make it
Never ever, ever, ever gonna shake it
If I get the guts to say hello she'll say to me

"I think ya kinda cool
But I don't think of you like that"

Hey you, I'm getting through it
Yeah you, you never should have done it
Hey you, I'm getting through it
Yeah you, you never should have done it

I don't like to stand in crowds, I feel all out of place
And I go to the corner store, supermarkets make me
sweat
I'm never ever, ever, ever gonna make it
Never ever, ever, ever gonna shake it
That check-out chick has got a flirty pout but if I ask her
out

"I think ya kinda cool
But I don't think of you like that"

Hey you, I'm getting through it
Yeah you, you never should have done it
Hey you, I'm getting through it
Yeah you, you never should have done it

She says
"I'd love to chat but he's with me
Any other time would be fine you'd see
Leave me alone if you don't I'll scream"

I spend most every night just me and my TV

Hey you, I'm getting through it
Yeah you, you never should have done it
Hey you, I'm getting through it
Yeah you, you never should have done it

Hey you, I'm getting through it
Yeah you, you never should have done it
Hey you, I'm getting through it
Yeah you, you never should have done it

Hey you
Yeah you
Hey you
Yeah you
