I'm so hard for a rich girl
My heels are high, my eyes cast low
And I don't know how to love
I get so tired after midday, lately
I take it out on my good friends
But the worst stays in, or where would I begin?

My office glows all night long
Its a nuclear show, and the stars are gone
Elevator, Elevator, take me home

I'm so hot for the rich girl
Her heels so high, and my hopes so low
'Cause I don't know how to love
I'll take her home after midnight
And if she likes, I'll tell her lies
How we'll be in love by the morning

I don't think she knows
That I'm saying good bye

My office glows all night long
Its a nuclear show, and the stars are gone
Elevator, Elevator, take me home

My office glows all night long
Its a nuclear show, and the stars are gone
Elevator, Elevator, take me home

Don't go, say you'll stay
Spend a lazy Sunday
In my arms, I won't take
Anything away

Don't go, say you'll stay
Spend a lazy Sunday
In my arms, don't take
Anything away
