Can't find that summer stare
Prove you can see above the frozen - hold it
Together their mind's a cave
So much collective hate
Back up the other way
No substance can tell

Steady eyes they level on me
I hope I never see what they see
You're always feelin' you're the sweetest one
Let's let them live their whole lives bored.

Walk on by me, save me, save me Walk on by me, save me, save me Walk on by me, save me, save me Walk on by me, save me, save me

Let's get back - make sure it's cruel
Other smile sarcastic fools
I wonder who raised you
Life has triggered a chance
The love you lost
The circumstances won't lead us to bitterness
Let's leave that to you.

Steady eyes they level on me
I hope I never see what they see
You're always feelin' you're the sweetest one
Let's let them live their whole lives bored.

Walk on by me, save me, save me [x15]

Walk on by me, save me
