"Pull The Curtain"

(Where'd I go wrong?)
Pull the curtain, begin
Bear a noise, wearing thin now
It's wearing thin now
(Where'd I go wrong?)
Close my eyes, realize
I've become the victimized now
Desensitized now

The one and only day has come
I'll pay for all the bad things I've done

(Where'd I go wrong?)
Something's wrong because I find the glamour
In the darkside, In the darkside
(Where'd I go wrong?)
Cheap regrets, can't forget
Falling victim to the dead still,
Unpaid in my mind

The one and only day has come
I'll pay for all the bad things I've done

It's gonna take me, you don't know tragedy
I've been to hell and back, can ya tell it?
Close my eyes and lay me down to sleep
I fear the worst might be the heart's just to explode
And my time is up so...

Why can't I just lie?

The living dead awake, the horror show begins
So pull the curtains over me
(Bring on the panic
The uncontrolling manic
It's a free for all commemory
Every last word) [x2]

I forget the dreams in my mind
Drown the thoughts that have me confined
Good as dreams as black as the night

No one told me end is a lie
Suffocate the dreams in my mind
Drown the thoughts that have me confined
Good as dreams as black as the night
No one told me end is a lie

Now we're gone, do you still feel
the same? Well now, can't you see?
I need help to stop me from myself
Well can't you help me now?
