It's so cold in this country  
Every road home is long  
He had a map that he bought  
For the price of a song  
He had a reason to go there  
And a warm place to stay  
And when it came time to leave  
It was never the right day

Good luck, bad luck, survival  
Sleep is my friend and my rival  
Good luck, bad luck, survival

There was a girl who he married  
And he left far behind  
He couldn't picture her face now  
It was like he was blind  
Up at five in the morning  
Every breath was a storm  
It's so cold in this country  
You can never get warm

Good luck, bad luck, survival  
Sleep is my friend and my rival  
Good luck, bad luck, survival.  
[x2]

It's a strange disappearance  
It's a real mystery  
Is he asleep in the snow?  
And does he feel free?  
There's a person he once was  
In a place far away  
It's so cold in this country  
October to May

Good luck, bad luck, survival  
Sleep is my friend and my rival  
Good luck, bad luck, survival.  
[x2]

Survival...

Good luck, bad luck, survival...
