There are two sides to this coin  
There are two ways to wake up from this dream

I have only one chance  
There is only one outcome I can reach

Either I can be happy with the stories I have told  
Or I can find happiness in love

All I can tell you is if I let you in

This won't be easy for you

You do something to me  
I haven't felt this since I was nineteen  
I am stuck in this maze  
Trying to make something clever with my name

Either I can be happy with the stories I have told  
Or I can find happiness in love

There is a battle between the ego and the heart  
I don't know who I want to win  
All I can tell you is if I let you in  
This won't be easy for you

Should I just end this before it begins  
I could make it easy on you  
All I can tell you is if I let you in  
This won't be easy for you
