I can't believe you sir  
I can't believe you sir  
Can't believe you sir, all this...  
I can't believe you said  
I can't believe you said all right  
If I ... then I mean it  
If only matters ....

I don't wanna know what to do right now  
I'm everyone who knows what to do  
I don't wanna know what to do right now  
I'm everyone who knows what to do

I believe you were  
I believe you were  
I believe you were  
I believe you were oh it's...  
I believe you, I believe you... right  
At the end of the...  
I believe you damn, I believe you damn,  
I believe you damn right

I don't wanna know what to do right now  
I'm everyone who knows what to do  
I don't wanna know what to do right now  
I'm everyone who knows what to do  
..what to do right now  
I'll tell you what I'm about to do

..life it seems....  
Seem is us. when..  
you an me what we keep  
..it's sweet, it's us...  
You and me...

I can' believe you said  
I can't believe you said  
I can' believe you said  
I can't believe you said  
I can't believe you said it's all right!  
Can you believe me sir?

Can you believe me sir?  
Can you believe me sir I'm not...  
Can you believe I said tonight?
