My heart is jumping  
Right out my skin  
We thought is too late  
But is sinking  
I feel that something about to give in  
My heart is jumping right out of skin  
If I go I will never know  
I will never know  
If I go I will never know  
I will never know  
If I go I will never know  
I will never know  
Whatever place whatever time  
If you wanna face it  
I could give you mine

Time is a place that it seems so far  
My heart is jumping right out my skin  
Before is too late is sinking  
I feel that something is about to give in  
If I go I will never know  
I will never know  
If I go I will never know  
I will never know  
If I go I will never know  
I will never know  
If I go I will never know  
I will never know
