Don't you know you've got your daddy's eyes?
Your daddy was an alcoholic
But your mother kept it all inside
And she threw it all away

I was looking for another you
and I found another one
I was looking for another you
When I looked round, you were gone

Stand by my side
And the pipe dream is yours now
Stand by my side
And the singer won't get in our way

(Break)

Don't you know you've got your daddy's eyes?
Your daddy was an alcoholic
But your mother kept it all inside

She threw it all away

I was looking for another you
And I found another one
I was looking for another you
When I looked round you were gone

Stand by my side
And the pipe dream is yours now
Stand by my side
And the cynic won't get in our way

Don't you know you've got your daddy's eyes?
Daddy was an alcoholic
But your mother kept it all inside
She threw it all away

I was looking for another chance
To see your blue eyed problem
