Take me back in time, just before the warm sunrise
With your love inside of mine, you make my body shine
All the lonely rules were broken, one magic night

Chorus:

I don't know why
But I feel like a child today, and I want that feeling to
stay
I don't know why
But I know it's the only way, whenever I hear you say
Come and hold me

I can see your face in my mind when your body moves
so near
Love is crossing every line and all time just disappears
All the shut? doors were opened one magic night

I don't know why
But I feel like a child today, and I want this feeling to
stay
I don't know why
But I know it's the only way, whenever I hear you say
Come and hold me

(guitar solo)

Yeah
I don't know why
But I feel like a child today, and I want this feeling to
stay
I don't know why
But I know it's the only way, whenever I hear you say
I'm comin' home to you baby

I feel like a child today
I don't know why
Stay now
