No intentions
What'soever
I was gone for a night
Nothing's forever
The cruel daylight
Brought me back to my senses (back to my senses)
Got caught in here
Under false pretenses

No way out
None whatever
I made up the story
Thought it was clever
She didn't ask
And I got no reply (got no reply)
But later that night
I heard her cry

Chorus:
No way out she doesn't buy my story
No way out she doesn't buy my story
No way out she doesn't buy my story
No way out she doesn't buy my story

No accusations
What'soever
But can she forget
Nothing's forever
Since yesterday
She's a little bit colder (little bit colder)
Won't happen again
What could I've told her

No way out she doesn't buy my story
No way out she doesn't buy my story
No way out she doesn't buy my story
No way out she doesn't buy my story
Doesn't buy my story

How can she tell the truth from the lies
When does she know when to close her eyes

She doesn't want to lose me
So she only sees what she wants to see

No way out she doesn't buy my story
No way out she doesn't buy my story
No way out she doesn't buy my story
No way out, no way
No way out...
